

Equipment & Accessories Catalog

2021-22

The Merrithew™ seal represents our commitment to and guarantee of maintaining the highest standards for superior design, education and craftsmanship.

Visionary Leadership

As Leaders in Mindful Movement™, our products serve the growing mind-body modalities, and support our customers in achieving their fitness goals.

Craftsmanship

Our products are synonymous with the highest quality and finest manufacturing materials in the industry, and are crafted with pride and precision. Sleek and aesthetically pleasing, our versatile and durable equipment is designed for absolute safety and effectiveness.

Commitment to Education

Since 1988, we have been committed to developing effective and responsible exercise for fitness professionals and exercise enthusiasts with the creation of unique, high-integrity fitness programs spanning a variety of exercise modalities.

Passion

With a bright and talented team of fitness and health care professionals and mind-body enthusiasts, we're continually evolving and staying ahead of the curve as a driving force in the industry.

Environmental Commitment

We place great emphasis on the health of our planet and continue to grow our eco-friendly product offerings. Our eco-friendly products are made with high-quality materials, including hypo-allergenic options. All of our products comply with California Proposition 65 and many meet or even exceed Europe's RoHS and REACH standards.

Best-in-class equipment built with passion, integrity & quality

As the world of fitness science moves steadily forward, our education and equipment continue to do the same, without compromising our commitment to originality, safety, effectiveness and quality.

Over the past years, the range of mind-body modalities has continued to grow and become more inclusive. We continually see a range of diverse populations including elite athletes, rehabilitation clients and active aging patrons enter into the world of mindful movement to improve the quality of their lives and their overall performance. To reflect the expanding horizon of mind-body fitness, we work in tandem with an exceptional team of engineers, physical therapists, sports medicine and fitness professionals to deliver new offerings that will help your business welcome new students to the practice of mind-body movement. Some of our offerings include Parallel Stability Barres™, perfect for dynamic and plyometric movements and can accommodate twice as large a group. Cost-effective Studio and Accessory Bundles, complete with multiple Reformers and complementary accessories, make creating or upgrading a studio simple. The Stability Barrel™ is perfect for further challenging balance on or off of the Reformer, and the High-Precision Gearbar offers twice as many settings on the Reformer.

We're honored to be recognized as The Professional's Choice™ worldwide by studios, fitness facilities and fitness professionals. We continue to create safe and effective equipment that in turn will provide safe and effective exercise to support your studio and clients' needs.

Lindsay G. Merrithew
PRESIDENT & CEO

Reformers

Engineered for precision and performance

Our entire line of professional Reformers features superior adaptability, versatility and craftsmanship. Ongoing development by our in-house team of fitness professionals and engineers allows us to refine and continually improve our machines so they keep pace with the advancements in exercise science and client needs.

Get the most out of your equipment with digital workouts on Merrithew Connect™

Anatomy of a Reformer

Max Plus™ Vertical Frame

Combines the features of a Cadillac, offering maximum functionality in minimum space with the patented Travelling Pulley System.

Patented Retractable Rope System

Recoiling rope reels and self-locking cleats allow for easy and precise rope adjustments on the go. Longer ropes add increased range of motion and fluidity to exercises.

Neoprene Spring Sleeves

Minimizes noise, allows for smoother spring extension and provides a handy grip for changing springs.

Comfort Footbar

Foam covering provides superior comfort and less compression on feet and hands.

Wooden Standing Platform

Solid wood platform provides a continuous surface for standing or sitting. Non-skid surface for added safety.

Strap Hooks

Carriage-mounted hooks provide easy access to straps when changing exercises.

Roll-Up Pole Hooks

Keep Roll-Up Pole handy with convenient under-carriage hooks.

High-Traction Reformer Feet

Durable silicon rubber and PVC provides superior grip and keeps Reformer firmly in place on all types of flooring. Available only on V2 Max™ & Rehab V2 Max Reformers

Easy-Roll Wheels

Wheels at the front and back make it easy to reposition the Reformer.

Choosing a Reformer

1 SPX® Max Reformer

- Ideal for fitness clubs or multi-purpose studios
- Lightweight and stackable
- Standing option
- Most cost-effective option

| | |
|---|----------|
| SPX® Max Reformer Bundle | ST-01080 |
| SPX® Max Reformer Bundle with Tall Box | ST-11049 |
| SPX® Max Reformer with Vertical Stand Bundle | ST-11032 |
| SPX® Max Reformer with Vertical Stand and Tall Box Bundle | ST-11054 |
| SPX® Max Plus™ Reformer Bundle | ST-01081 |
| SPX® Max Plus™ Reformer Bundle with Tall Box | ST-11050 |

2 V2 Max™ Reformer

- Ideal for boutique studios and dedicated spaces
- Suitable for all types of clients
- Versatile programming options

| | |
|---|----------|
| V2 Max™ Reformer Bundle | ST-01082 |
| V2 Max™ Reformer Bundle with High-Precision Gearbar | ST-11080 |

3 Rehab V2 Max™ Reformer

- Ideal for therapy and rehabilitation
- Higher carriage for easier mounts
- Can double as a treatment table with use of a Mat Converter

| | |
|------------------------------------|----------|
| Rehab V2 Max™ Reformer Bundle | ST-01084 |
| Rehab V2 Max Plus™ Reformer Bundle | ST-01085 |

Upgrades

High-Precision Gearbar System™

Twice as many gearbar positions than on our traditional system; with more resistance/spring tension options.

ST-05109

Colors

Choose from ten standard colors or 75 custom colors.

Reformer Extension

Add an additional 6"/15 cm to both the frame and the carriage on your Reformer. For additional support, the Extension Upgrade also includes mid-rail legs. A great option for tall clients or those with long torsos.

ST-02096

Max Plus™ Vertical Frame

Adding a Vertical Frame to your Reformer dramatically increases programming options — along with the full Reformer repertoire, about 80% of Cadillac exercises can be performed with just one machine. Includes patented Travelling Pulley System.

Fitness DVDs

Our extensive library of workouts covers a broad range of topics from beginner to expert. Our new DVD content incorporates the latest in exercise science. Look out for new content in DVD and digital format!

Evolving in the age of mindfulness

As the popularity of mind-body movement expands around the world, we're thrilled to be recognized as leaders in this space. People understand the importance of movement and exercise, but moving well, moving mindfully, adds a whole new dimension to fitness, wellness and health.

We collaborate with tens of thousands of fitness, health care and movement professionals every year to offer high-quality education and best-in-class equipment to help people of all ages, levels and abilities experience the benefits of mindful movement.

Through our premium equipment and education programs, we provide services and solutions to a range of markets, including fitness studios, clubs, rehabilitation hospitals and clinics, universities and colleges, hotels, resorts and retirement communities, and professional sports teams and their athletes.

Quality is our signature, innovation our focus, and mindfulness our guiding star. You'll see this reflected in the workmanship and durability of our professional and personal equipment lines, in the versatility of our range of accessories, and in our expansive and substantive education offerings based on the latest in exercise science.

After over 30 years in business, we're proud to say that more than 60,000 professionals in 135 countries and counting have been trained in our education programs, STOTT PILATES®, ZEN•GA®, Total Barre®, CORE™ Athletic Conditioning & Performance Training™, Halo® Training and Merrithew™ Fascial Movement, bringing safe, effective and intentional exercise to clients around the world.

Thank you for sharing in our commitment and passion for mindful movement. It's needed now more than ever and we are deeply grateful and inspired by our community's dedication to connecting with awareness and focus in the act of motion.

Yours in good health,

Lindsay G. Merrithew
PRESIDENT & CEO

Moira Merrithew
EXECUTIVE DIRECTOR, EDUCATION

A Foundation for Success

At Merrithew™, we believe that education is the foundation for success in mindful movement. Our education programs offer certification and professional development courses and workshops for fitness, health care and movement professionals. Whether you want to build a career in mind-body fitness, or sharpen your existing skillset and diversify your client base with new knowledge, Merrithew Education offers programs that cater to clients of all ages and fitness levels.

STOTT PILATES®

A safe and effective movement system that creates a framework for exercise that combines modern principles of exercise science and rehabilitation.

zen•ga®

A unique fusion of Pilates, yoga and mindfulness that integrates the fascial system to restore the body's strength, balance and flow.

totalbarre.

A dynamic music-driven program that provides a template for creating innovative classes for every type of client.

HALO®
TRAINING

A versatile and adaptable core-integrated bodyweight training program that develops functional strength, power and control.

Merrithew™
Fascial Movement

A program that teaches how movement variables that influence fascia can be applied to increase function and overall health.

CORE™

A high-intensity, results-driven program that focuses on athletic performance and coaching that connects biomechanics and mindfulness.
