ABOUT TORQUE FITNESS®

At Torque Fitness, we are on a mission to empower individuals to unleash their full potential. With unwavering dedication and a steadfast commitment to doing what's right, we're shaping the future of functional and strength training. One innovation at a time.

Welcome to Torque Fitness, where strength knows no bounds.

We believe that extraordinary people fuel innovation. That is why we're dedicated to nurturing a team of talented individuals who embody a "Don't Quit. Ever." attitude.

We're relentless in our pursuit of excellence, continuously striving to elevate athleticism to new heights. From providing products to service and support, we never stop improving and innovating.

No matter where you start or what obstacles you face, perseverance is the key to unlocking your potential. At Torque Fitness, we champion athletes of all types and abilities. Embrace the journey, push past your limits, and remember...

**DON'T QUIT.
EVER.™**

One Vendor Solution

Whether you're opening a brand new facility or converting an existing space, our team will take care of you from start to finish. Offering comprehensive range of high-quality products with a focus on innovation and durability. Trust Torque Fitness will streamline your purchasing process and elevate your fitness experience with a single, reliable vendor.

Why Choose Torque

SERVING ELITE FACILITIES WORLDWIDE

Whether you run a national chain or a small studio in any corner of the world, Torque Fitness has a proven record of effectively serving facilities globally. We have numerous long-standing relationships with the world's most elite athletic teams, clubs, and companies alike.

PROVEN INNOVATION

We believe every fitness facility should be equipped with the most innovative, intuitive, and inspiring training equipment possible. We provide every tool needed to make sure your facility owns high-quality functional training equipment in your market.

QUICK LEAD TIMES

We know that meeting deadlines is an imperative part of the industry. That is why we work diligently to ship orders as quickly as possible and provide timelines well under the industry standard.

A SYSTEM FOR EVERY FACILITY

INTEGRATED ACCESSORY STORAGE

X-CREATE was designed to store all functional training accessories that previously were found on the floor or other inconvenient places. Ranging from stability balls, kettlebells, dumbbells, and beyond, in a way that is unique to each facility.

MAXIMIZE FLOOR SPACE

X-CREATE was engineered with real estate in mind. Three foot functional upright bases maximize floor space needed to create the ultimate training apparatus. Durability is not forgotten either, each upright is built with a heavy-duty steel frame with bolt patterns for floor mounting located on both the front and back.

COMPLETE CUSTOMIZATION

X-CREATE system is designed to meet the demands of every facility, this unique system is fully customizable, with a full suite of modules and attachments to choose from.

UPRIGHT COLOR OPTIONS:

UNIQUELY YOURS

Torque understands that each space and training program comes with its own unique requirements. That's why X-CREATE is designed to be fully customizable, offering a range of options to meet diverse needs. From uprights available in a variety of colors and heights to modular widths spanning 2.5 feet to 8 feet, X-CREATE allows you to build a setup that perfectly aligns with your space and training goals.

Equip your system with a wide selection of attachments, accessories, and custom signage for a solution exclusive to your program.

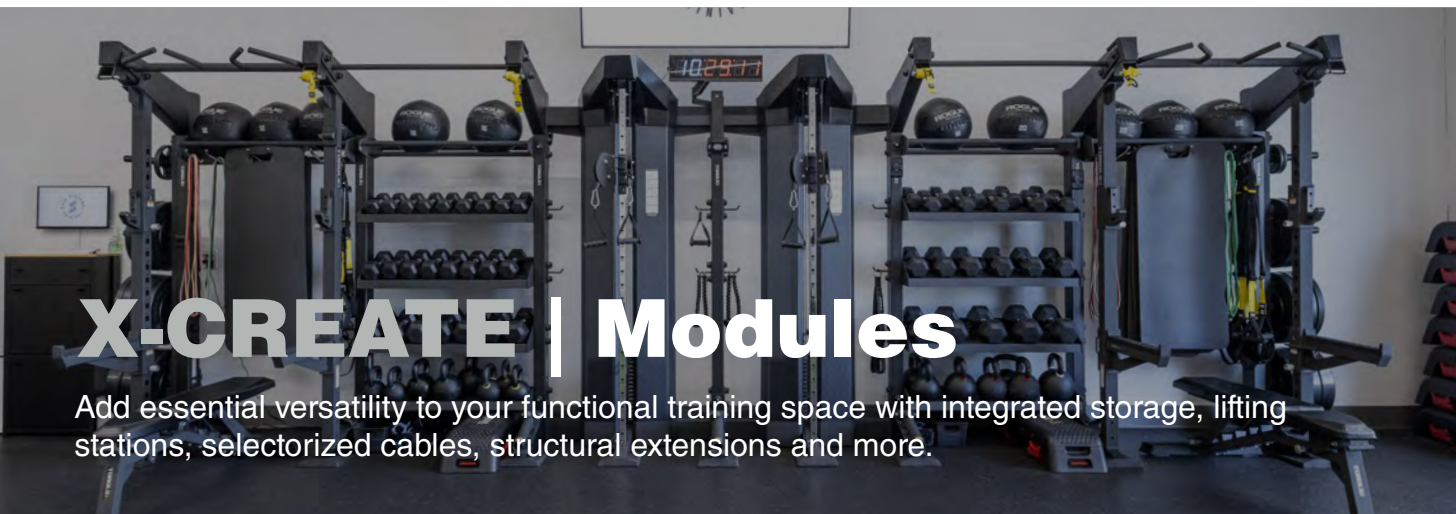

X-CREATE

Create the ultimate functional training space with the X-CREATE system. X-CREATE merges storage and endless training possibilities to produce the best possible functional training solution. Designed for floor space efficiency, accessory storage, and optimal accessibility.

X-CREATE | Modules

Add essential versatility to your functional training space with integrated storage, lifting stations, selectorized cables, structural extensions and more.

XCREATE-8OLS

OLYMPIC LIFTING STATION

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 43.9" x 48.4" x 87.9"
 PRODUCT WEIGHT: 138.6 lbs
 COMPATIBILITY: X-CREATE

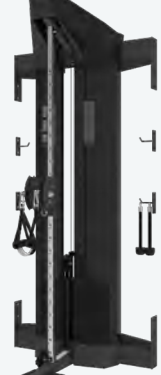

XCREATE-SM

SMITH MODULE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 77.1" x 29.8" x 90.3"
 PRODUCT WEIGHT: 250 lbs
 MAX WEIGHT CAP: 440 lbs
 COMPATIBILITY: X-CREATE

XCREATE-4CCHM

CABLE COMPONENT

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 42.1" x 27.0" x 93.7"
 PRODUCT WEIGHT: 509 lbs
 WEIGHT STACK: 320 lbs
 COMPATIBILITY: X-CREATE, X-RACK

XCREATE-4LPDM

LAT PULLDOWN STATION

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 42.1" x 47.2" x 93.7"
 PRODUCT WEIGHT: 504 lbs
 WEIGHT STACK: 265 lbs
 COMPATIBILITY: X-CREATE, X-RACK

XCREATE-4SRM

SEATED ROW MACHINE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 42.1" x 85.2" x 93.7"
 PRODUCT WEIGHT: 525 lbs
 WEIGHT STACK: 265 lbs
 COMPATIBILITY: X-CREATE, X-RACK

NEW

XCREATE-4HTM

HIP THRUST

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 46" x 42.1" x 93.7"
 PRODUCT WEIGHT: 681.9 lbs
 MAX HEIGHT CAP: 265 lbs
 COMPATIBILITY: X-CREATE, X-RACK

NEW

XCREATE-4BEM

BACK EXTENSION

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 64.9" x 42.1" x 93.2"
 PRODUCT WEIGHT: 525 lbs
 WEIGHT STACK: 190 lbs
 COMPATIBILITY: X-CREATE, X-RACK

NEW

XCREATE-4SHAM

STANDING HIP ABDUCTOR

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 65" x 42.1" x 93.7"
 PRODUCT WEIGHT: 547.7 lbs
 WEIGHT STACK: 190 lbs
 COMPATIBILITY: X-CREATE, X-RACK

NEW

XCREATE-4SHTM

STANDING HIP THRUST

VARIATIONS: 4 FT
 COMPATIBILITY: X-CREATE, X-RACK

NEW

XCREATE-4SQUATM

SQUAT MODULE

VARIATIONS: 4 FT
 COMPATIBILITY: X-CREATE, X-RACK

NEW

XCREATE-4DLM

DEADLIFT MODULE

VARIATIONS: 4 FT
 COMPATIBILITY: X-CREATE, X-RACK

NEW

XCREATE-4ACDM

ASSISTED CHIN DIP

VARIATIONS: 4 FT
 COMPATIBILITY: X-CREATE, X-RACK

NEW

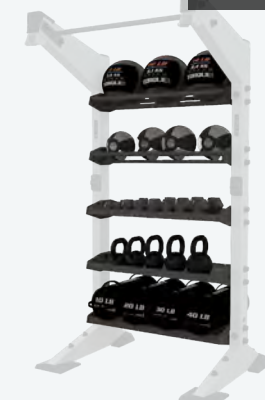

XCREATE-TPDM

TRICEP MODULE

VARIATIONS: 4 FT
 COMPATIBILITY: X-CREATE, X-RACK

XCREATE-4ASM

ACCESSORY STORAGE

VARIATIONS: 4 FT, 6FT, & 8FT
 ASSEMBLED DIMENSIONS: 71.9" x 42.1" x 19.1"
 WEIGHT: 172 lbs
 TRAY CAPACITY: 700 lbs
 COMPATIBILITY: X-CREATE

XCREATE-4ABBSM

ACCESSORY/BUMPER BOOKSHELF STORAGE

VARIATIONS: 4 FT & 6FT
 ASSEMBLED DIMENSIONS: 42.1" x 27.0" x 93.7"
 PRODUCT WEIGHT: 185 lbs
 TRAY CAPACITY: 700 lbs
 COMPATIBILITY: X-CREATE

ACCESSORY / WEIGHT STORAGE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 69.1" x 42.9" x 23.4"
 PRODUCT WEIGHT: 164 lbs
 WEIGHT STACK: 700 lbs
 COMPATIBILITY: X-CREATE

MONITOR MOUNT & STORAGE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 73.6" x 42.9" x 19.5"
 PRODUCT WEIGHT: 128 lbs
 MAX HEIGHT CAP: 700 lbs
 COMPATIBILITY: X-CREATE

5 BARBELL STORAGE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 42.1" x 10.3" x 55.6"
 PRODUCT WEIGHT: 97.6 lbs
 COMPATIBILITY: X-CREATE

CORNER STALL BARS

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 73.2" x 39.6" x 5.6"
 PRODUCT WEIGHT: 84.3 lbs
 COMPATIBILITY: X-CREATE

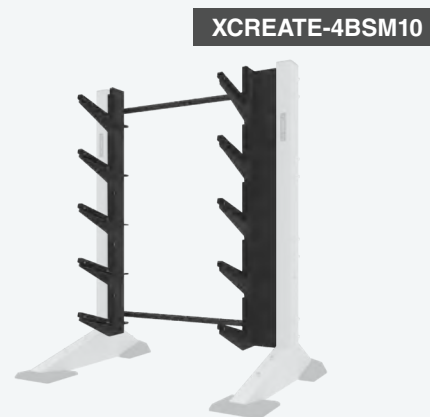

BALL & HANGING STORAGE

VARIATIONS: 2.5 FT, 4 FT, & 6 FT
 ASSEMBLED DIMENSIONS: 30" x 16.6" x 6.6"
 PRODUCT WEIGHT: 25.0 lbs
 COMPATIBILITY: X-CREATE, X-RACK

BALL TARGET WALL PAD

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 42.1" x 35.5" x 55.6"
 PRODUCT WEIGHT: 246.4 lbs
 COMPATIBILITY: X-CREATE

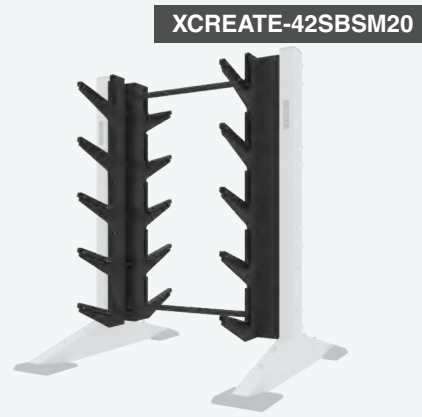

10 BARBELL STORAGE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 42.1" x 18.6" x 55.6"
 PRODUCT WEIGHT: 131.9 lbs
 COMPATIBILITY: X-CREATE

2 SIDED 10 BARBELL STORAGE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 41.2" x 19.0" x 55.6"
 PRODUCT WEIGHT: 180.9 lbs
 COMPATIBILITY: X-CREATE

2 SIDED 20 BARBELL STORAGE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 42.1" x 35.5" x 55.6"
 PRODUCT WEIGHT: 246.4 lbs
 COMPATIBILITY: X-CREATE

HEAVY BAG MODULE

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 32.9" x 41.7" x 12.4"
 WEIGHT: 42.7 lbs
 COMPATIBILITY: X-CREATE

The X-CREATE system is designed for commercial gyms, performance training centers, and boutique studios looking to maximize space without sacrificing versatility. With options for:

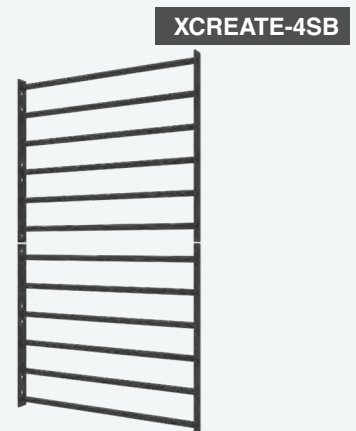

- Functional Training Modules
- Barbell and Plate Storage
- Cable Stations
- Suspension Training Attachments
- Accessory and Small Equipment Organization

You can build a modular, scalable training system that fits your facility's exact needs. Whether you're upgrading your gym layout or planning a new build out, Torque Fitness X-CREATE delivers durability, flexibility, and performance.

SADDLE DUMBBELL RACK

VARIATIONS: 8 FT
 ASSEMBLED DIMENSIONS: 87.1" x 22.5" x 12.1"
 PRODUCT WEIGHT: 130 lbs
 TRAY CAPACITY: 900 lbs
 COMPATIBILITY: X-CREATE

STALL BARS

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 73.2" x 42.0" x 3.0"
 WEIGHT: 43.2 lbs
 COMPATIBILITY: X-CREATE, X-RACK

OFFSET STALL BARS

VARIATIONS: 4 FT
 ASSEMBLED DIMENSIONS: 72.7" x 42.1" x 7.4"
 WEIGHT: 112.4 lbs
 COMPATIBILITY: X-CREATE, X-RACK

X-CREATE | Attachments

Designed for Torque's upright-based systems, each attachment enhances performance, maximizes space, and expands exercise variety.

RIGS & RACKS

Rigs and Racks form the foundation of elite training environments, offering the strength, versatility, and customization needed for any program. From modular rig systems and fully outfitted rack packages to standalone TR Series racks and scalable components, every option is built for commercial durability and seamless integration.

Designed for performance facilities of every size, these solutions provide the backbone of strength training, supporting individual athletes to large groups with professional-grade reliability.

X-RACK

DESIGNED FOR GROUP TRAINING WITH FUNCTIONAL FITNESS CAPABILITIES

We offer pre-configured or completely customized solutions. Choose between bolted or free-standing systems to fit the needs of your facility.

LIMITLESS POTENTIAL

X-RACK and X-SEIGE are feature packed rack systems designed from the ground up to join together accessory storage with lifting, cable, and cross-training stations.

Multiple heights, lengths, depths, and colors offer a limitless number of options on all rigs & racks.

CUSTOMIZABLE SOLUTIONS

Combine, build & train with quality. Torque rigs & racks are fully customizable solutions used to meet and elevate the needs of any training facility. All of Torque's systems are designed to be personalized, allowing facilities to design a functional training space that fits their needs.

Customize from the ground up. Choose from freestanding X-SEIGE or anchored X-RACK systems, load with attachments and finish with a custom graphic sign with your facility's branding.

ELEVATE YOUR SPACE WITH AN EXPERTLY CRAFTED TORQUE RACK SYSTEM

Get the most out of your facility with half or power rack. Built strong to handle the toughest lifters.

PLATFORMS & INSERTS

Torque's Platforms & Inserts solutions are built to protect athletes and facilities while optimizing training performance. From insert platforms designed for lifting stations to standalone rubber mats, this collection supports noise reduction, floor protection, and traction in high-use system environments.

ELITE PLATFORMS & INSERTS

Add protection and performance to your TR1 and TR2 Racks with platform inserts built for heavy-duty strength training. Designed to reduce noise and wear while supporting high-impact movements.

SHOK LOCK PLATFORMS & INSERTS

Platforms & Inserts are sold as interlocking kits designed to fit different Torque systems. Available in both single and dual configurations as well as standalone 4 ft x 6 ft (1.2 m x 1.6 m) equipment mat. **Proudly made in the USA.**

The pressure molded waffle bottom is built to absorb impact and noise, saving wear and tear on bumper plates, bars, and flooring. Each piece has tight fitting tabs and blanks to ensure a secure fit. Platforms can be installed on both new or existing racks.

Material is comprised of 0.75" (19mm) pressure molded rubber with a non-skid top surface and beveled edges around all sides. The low profile enables smooth equipment access and reduces the risk of tripping.

TANK[®]

ALL SURFACE SLED

Elevate your training with the TANK series, engineered with Torque's innovative Mag-Force™ Technology for scalable resistance that intensifies the harder you push. Designed for all fitness levels and surfaces, TANK sleds offer bi-directional movement, durable construction, and adjustable resistance, making them versatile for both group and individual workouts. Whether it's the rugged, new M3, the robust M4, or the ultimate performance-driven MX, each model enhances strength, conditioning, and functional training. The TANK delivers unmatched versatility and intensity for any training scenario.

TANK[®]M4

TANK[®]M3

TANK[®]MX

EXTREME INTERVAL TRAINING

By adjusting the resistance level to various intensities, users can perform bursts of acceleration and speed, diversifying the intensity in different runs or within the same set.

FULL BODY WORKOUT

A TANK workout requires athletes to engage all areas of their bodies, creating efficient and effective aerobic and anaerobic exercises.

INCREASE EXPLOSIVE POWER

A challenge at every level. Each TANK model delivers three levels of resistance, elevating difficulty as resistance level and speed increase. The TANK MX is optimized with MX Mode which adds an additional 25% resistance to challenge even the most explosive athletes.

BUILD SPEED & ENHANCE ACCELERATION

A challenge at every level. Each TANK model delivers three levels of resistance, elevating difficulty as resistance level and speed increase. The TANK MX is optimized with MX Mode which adds an additional 25% resistance to challenge even the most explosive athletes.

MANEUVER. MEASURE. MASTER.

Engineered to meet the demands of high-traffic facilities, this push sled combines durability, performance and versatility. Designed with Mag-Force™ Resistance Technology, the TANK M3 delivers scalable intensity, accommodating many fitness levels while minimizing the need for weight plates and clunky user swaps. The TANK M3's three-wheeled design glides effortlessly across turf, rubber, or concrete, ensuring smooth operation on any surface. The TANK M3 is a must-have for forward-thinking training spaces.

KEY FEATURES:

- Effortless Maneuverability with Pivoting Wheels
- Multi-Position Handles for Seamless Training
- Magnetic Resistance Technology
- Tracks Real Time Performance Metrics
- Your One Vendor Solution

PUSH, PULL, TOW & MORE.

Take strength and conditioning training to new heights with the TANK M4 Push Sled. Engineered for athletes and fitness enthusiasts alike, the TANK M4 combines cutting-edge magnetic resistance technology with unmatched durability, making it the ultimate tool for training. Whether you're training indoors or outdoors, the TANK M4 adapts to your intensity, delivering a workout that pushes limits and builds real power.

KEY FEATURES:

- 3 Training Levels
- Heavy-Duty All-Weather Construction
- Worry Free Guarantee
- No Weight Plates Required
- All Surface Design
- Fast Shipping

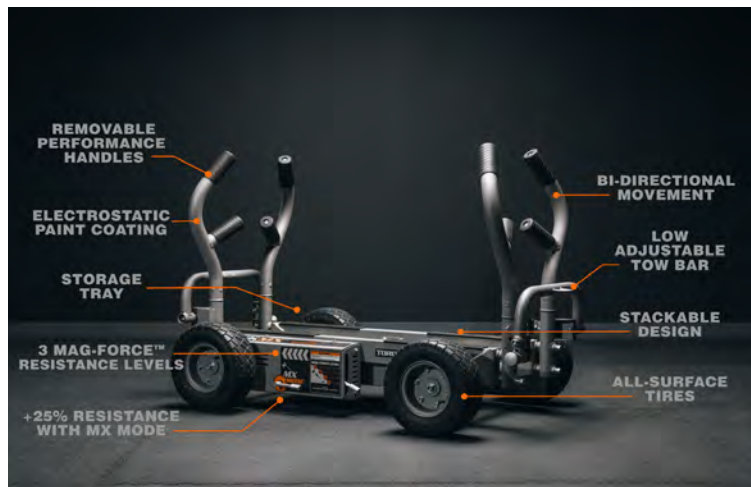

RESISTANCE FOR MAX OUTPUT.

Elevate your group training sessions with the TANK MX, the most powerful and versatile push sled in the TANK series. Built for high-intensity workouts on any surface, the TANK MX is engineered to challenge athletes at every level with its enhanced magnetic resistance and design. Whether you're training outdoors or indoors, the TANK MX adapts to your intensity, making it the perfect tool for conditioning.

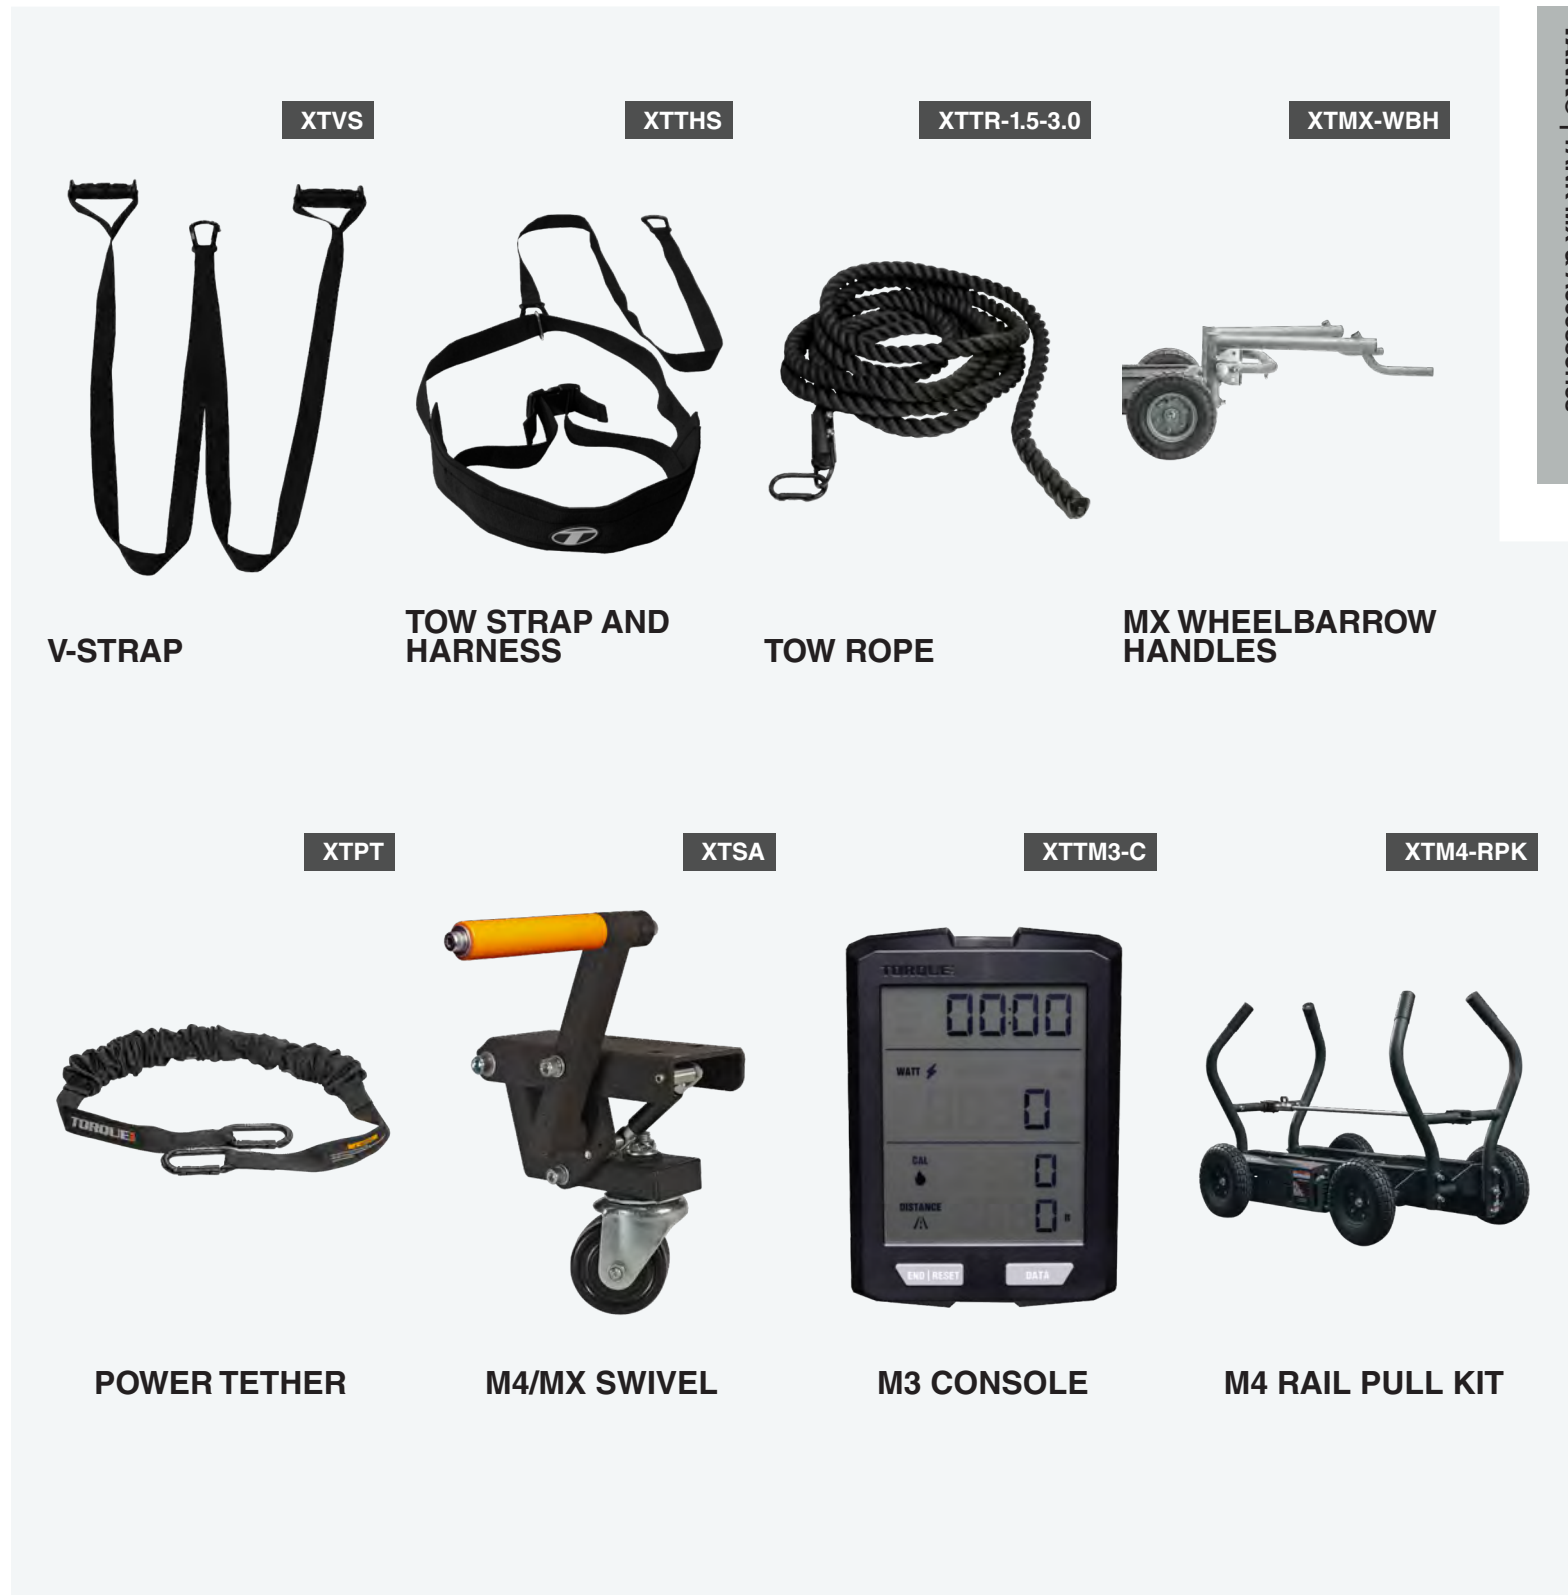

KEY FEATURES:

- MX Mode for Max Resistance Output
- Built for Elite Training
- Heavy Duty Frame for Stability
- Bi-Directional Movement
- Three Position Tow Bar for Versatile Training
- All Surface Training

TANK® Accessories

TANK Accessories are built to enhance your sled training with added resistance, pulling power, and movement variability. Easily attach tools like tow ropes, harnesses, and swivels to unlock new strength, speed, and agility drills. Designed for seamless integration with all TANK models.

MAG-FORCE™

RESISTANCE TECHNOLOGY

At the core of Torque's advanced training equipment is Mag-Force Technology, a magnetic resistance system that adjusts automatically based on your effort. This groundbreaking feature on our TANK and Relentless product lines creates scalable resistance, intensifying as you push, pull, or engage more forcefully. Without the need for additional weights or manual adjustments. Mag-Force Technology is built for versatility, allowing athletes of all levels to challenge themselves.

EXPERIENCE UNDENIABLE TRAINING

Engineered for unmatched reliability, this system is the go-to choice for athletes and trainers alike. Built with heavy-duty materials and a robust design to withstand the toughest workouts and ensure long-lasting performance. With a focus on both durability and functionality to support peak performance day after day, even in high-intensity training conditions.

BUILT TO LAST

Mag-Force Technology provides an adaptive training experience that responds to your effort. The harder and faster you push or pull, the greater the resistance, allowing you to continuously challenge yourself and build strength. This dynamic system ensures that every workout is intense and effective, making it ideal for facilities looking for solutions to make a top tier training environment.

HIIT CARDIO

Our HIIT Cardio products deliver intense conditioning engineered for durability and performance. Featuring our flagship Stealth Air™ and Relentless™ product lines, these machines are built to withstand high-volume use while delivering full-body cardio workouts. Perfect for training spaces looking to push athletes to their limits.

**RELENTLESS
ROPE™**

**RELENTLESS
RIPPER™ PRO**

STEALTH AIR™ PRO

STEALTH AIR™ BIKE

RELENTLESS ROPE™

A force to be reckoned with. Crafted for unlimited performance, Torque's Relentless Rope uses innovative magnetic force resistance to enable competitive bi-directional movements, promising a limitless movements. Built with the Magnetic-Resistance Technology, the faster you pull it the more difficult resistance challenge.

LIMITLESS MOUNTING OPTIONS TO ANY SYSTEM

The Relentless Rope is mountable in a variety of ways to most Torque and other manufacturer's strength systems. The Relentless Rope can be mounted to a wall or essentially any square tube 6x6 or smaller.

4 LEVELS OF ADJUSTABLE RESISTANCE

The Resistance Rope provides 4 levels of resistance settings that are easily accessible. At each level, the faster you pull the harder it gets.

COMMERCIAL QUALITY

The Relentless Rope is designed and built with commercial training environments in mind. With a commercial warranty, your Relentless Rope is guaranteed to withstand endless hours of workout fun.

PIVOTING ROLLER DESIGN

Torque's pivoting roller design keeps the rope wrapped around the drive roller at all pulling handles while minimizing rope flexion, providing consistent resistance and longer rope life.

RELENTLESS RIPPER™ PRO

Revolutionize your workout, crafted for infinite versatility, Torque's Relentless Ripper™ uses cutting-edge Mag-Force Technology™ to provide a customizable and challenging workout experience suitable for athletes of all levels.

RACK, RIG, & WALL MOUNTING OPTIONS

Mountable to racks, rigs, and walls, offering users the flexibility of incorporating it seamlessly into any fitness facility. The Ripper's mountable options provide a space-saving option for every space.

10 LEVELS OF ADJUSTABLE RESISTANCE

The Ripper's 10 levels of progressive Mag-Force™ Resistance ensure a customizable and challenging workout experience suitable for athletes of all levels.

INCLUDES PERFORMANCE MONITOR

The Ripper's monitor will track metrics such as time, strokes per minute, calories, watts, distance, and more. This helps to enrich the user experience contributing to an informed and engaging workout.

BELT-DRIVEN TRANSMISSION

The Relentless Ripper allows for a feel you would expect from similar machines but in a smaller footprint.

STEALTH AIR™ BIKE

Torque designed an air bike built to withstand rigorous club use, delivering a smooth and quiet ride that pushes users to their limits with an intense, full-effort workout. Redefining air resistance training with commercial-grade strength and stealth-quiet precision.

QUIET OPERATION

Bikes were sent to an acoustic laboratory to test sound power and pressure at various RPM. The Stealth was measurably quieter than other air bikes on the market.

VERSATILE WORKOUTS

The Stealth is incredibly versatile and can be used for a wide range of workouts, from low-intensity steady-state cardio to high-intensity sprints.

AIR DIFFUSER

Equipped with a diffuser instead of a conventional shield, the air flow is directed towards the user's body, preventing dry eyes while keeping them cool. The large, removable fan cover makes cleaning and maintenance a breeze.

MULTI-GRIP HANDLES

Shifting the handle motion forward enables the user to perform standing sprints and allows for easier entry and exit, while the multiple hand positions provide flexibility and comfort. The top grip has 17% more handle range of motion for taller users.

STEALTH AIR™ PRO

The Stealth Rower has a sleek design to complement the look and feel of all facilities. Headlining key features, our rower stands out as a top choice for clubs pursuing both durability and functionality. Find a new challenge with the adjustable resistance, the Stealth Air Rower is the perfect addition to help push limits in gyms.

RESISTANCE RANGE

The Stealth Air Rower offers an unmatched resistance range, with a lower starting resistance ideal for beginners and a maximum level that challenges everyone.

COMPREHENSIVE MONITOR

Equipped with a diffuser instead of a conventional shield, the air flow is directed towards the user's body, preventing dry eyes while keeping them cool. The large, removable fan cover makes cleaning and maintenance a breeze.

DURABLE CONSTRUCTION

Featuring a nickel plated steel chain to prevent rust and extend lifespan, paired with an aluminum and steel frame this unit is both lightweight and durable, ready to test all athletes.

CRAFTED FOR COMFORT

This design caters to users of all sizes, incorporating ergonomic over-molded handles, a comfortable contoured seat, and adjustable footrests for an enhanced experience.

X-FLEX™

ACCESSORIES

Designed for adaptability, comfort, and value, this collection features soft-shell medicine balls, impact-friendly torpedo bags, and color-coded kettlebells. Ideal for group training or versatile workout spaces, these tools deliver performance with a softer touch, without sacrificing quality.

ACCESSORIES | X-FLEX™

ACCESSORIES

From heavy-duty functional training tools to mobility essentials, Torque accessories are built to maximize your training floor. Engineered for unmatched durability and versatility, our gear helps facility owners create a complete, professional-grade setup built to perform.

CABLE MACHINES

Torque's cable machines combine space-conscious design with commercial-grade durability to deliver premium functional training to any facility. From modular stations to wall-mounted systems, these machines offer smooth resistance and multi-directional movement for a wide range of users and programming styles.

DUAL ADJUSTABLE PULLEY

Take your strength to the next level with the Dual Adjustable Pulley (DAP). A powerhouse of versatility and performance. Engineered for limitless training possibilities, this machine features smooth, independent pulleys that allow for customized resistance and a full range of motion.

ALL ACCESS CABLE STATION

Designed to remove barriers and elevate training for every athlete. This triple-pulley cable station offers effortless transitions, a wide range of exercise options, and thoughtful design details that support both standing and wheelchair athletes.

CABLE MACHINES

BUILT FOR PERFORMANCE, DURABILITY & VERSATILITY

Torque's training stations and benches are essential tools for strength and functional training. From adjustable benches to core-focused equipment, each product is designed to optimize movement, maximize floor space, and withstand demands of high-traffic facilities.

TRAINING STATIONS & BENCHES

Provide a stable, functional foundation for strength training, accessory work, and functional movement. From compact benches to multi-use training stations, each piece is designed to maximize space, performance, and durability, delivering reliable solutions for everyday training.

STORAGE SYSTEMS

Built to keep training spaces organized, efficient, and athlete-ready. From universal racks to dedicated plate and dumbbell storage, each system is designed with commercial-grade durability and a modular approach to fit any facility. Free up floor space and protect your equipment with storage that works as hard as you do.

CLEAN, EFFICIENT, & BUILT TO LAST

Designed to bring order to high-traffic training environments, combining smart designs with commercial-grade durability. From modular configurations to dedicated solutions for bars, plates, dumbbells, and accessories, each system is built to optimize space and improve workflow. Clean, efficient, and built to last—our storage solutions help keep facilities organized, safe, and ready for every workout.

X-DESIGN

Create a custom facility layout designed around your goals. Leverage Torque's 20+ years of experience to maximize your gym's space, flow, and ROI.

DESIGN THE SPACE. DEFINE THE TRAINING.

X-DESIGN by Torque Fitness delivers smarter layouts that drive stronger performance, helping create training environments built for efficiency, flow, and results. From initial concept to final floor plan, our team works closely with you to design spaces that maximize every square foot—balancing equipment selection, traffic flow, and training versatility without sacrificing aesthetics or budget.

STEP 1

Our X-DESIGN Team works with owners to make their vision come to life. The process was no different for BFit in Evansville, Indiana.

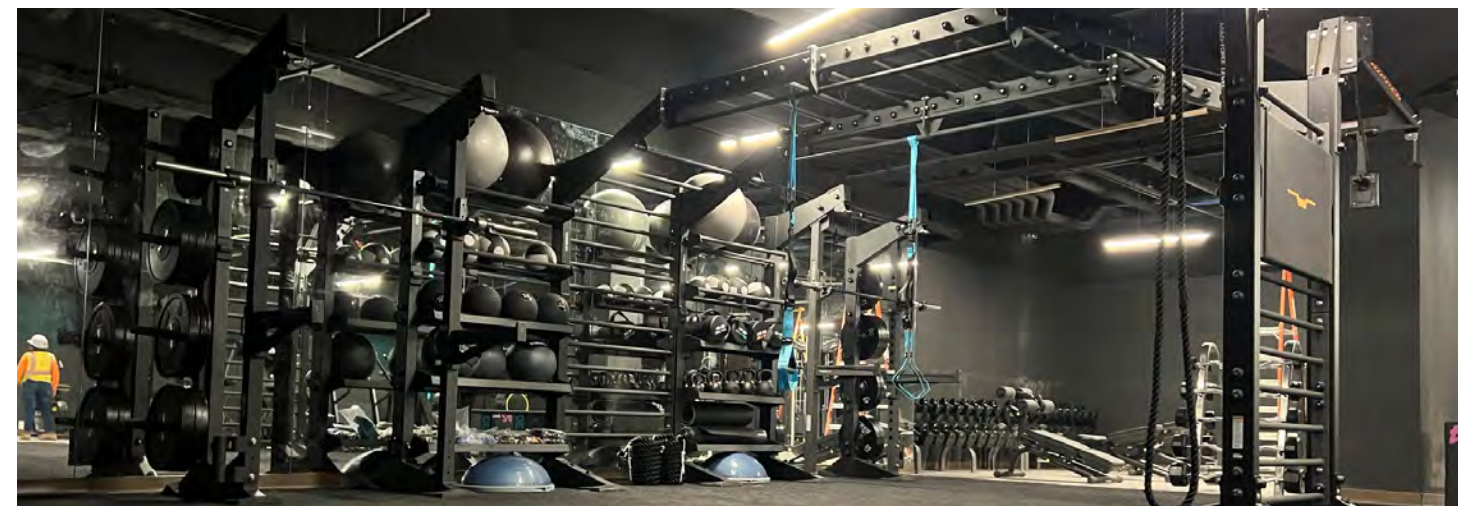

STEP 2

Starting with their ideas, we created an initial layout and worked forward from there, making revisions along the way and ending a 3D layout.

STEP 3

Once the digital vision came to life, we made the install happen. Blending X-RACK and X-CREATE systems with plenty of storage to create an optimal training experience.

Whether you're developing a commercial gym, collegiate weight room, or premium home training space, X-DESIGN helps bring your vision to life before installation begins. With detailed layouts, expert guidance, and purpose-driven solutions, facilities are designed to work harder—resulting in spaces that perform as powerfully as the athletes and members who use them.

DESIGNING & DEVELOPING THE MOST OPTIMAL FUNCTIONAL FITNESS FACILITIES

Experience an immersive & full-service fitness process with Torque Fitness. Utilize the X-DESIGN service to maximize the potential of emerging and evolving fitness facilities.
